SANDWICH PATTERN

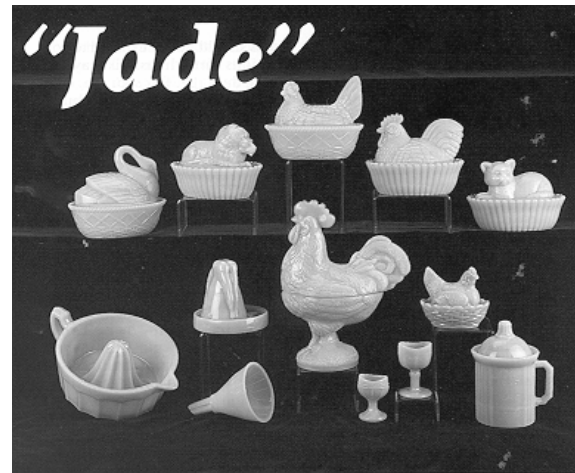

The Sandwich pattern... every glass collector recognizes it as timeless. Since its creation at the Boston & Sandwich Glass Co. in the mid-1800s, the popularity of this pattern just keeps on ticking. This timepiece, produced by Tiara Exclusives, was made using the original Deming Jarves moulds, and is accented handsomely with Tiara's Spruce Green color. A full 12" in diameter, this clock will easily grace any room in your home.

VERONIQUE PATTERN

Sollte das Ranken-Stern-Muster tatsächlich zuerst in der Boston & Sandwich Glass Co. Mitte des 19. Jhdts. von Deming Jarves hergestellt worden sein und dann von Baccarat und St. Louis in Frankreich, aber auch von Glashütten in Schweden übernommen worden sein? Jedenfalls ist das Muster auch von amerikanischen Glashütten oft benutzt worden, wie die abgebildeten Gläser in Spillman 1981 be weisen.
